FEATURES

- Adjustable viewing angle
- Table integration monitor
- Routable 160°
- Below table connectivity
- No visible cabling
- Maintenance free
- HDCP compliant
- Energy saving design
- Easy to install

GENERAL

Gooseneck displays have been designed to be integrated with tables or desks.

Table integration monitors with their base built into the table or desk. Elegant screens specially designed for fixed table installation are made of milled aluminium with a stylish protective glass panel with black marking and a support made of brushed stainless steel. The cables hide inside the steel support and under the table to the connection point.

Gooseneck monitors are available in 17", 19" and 22".
