

**Universal lift, VESA**

**Ref: ULS1/ULS2**

**GENERAL SPECIFICATIONS**

Elegant universal motorised LCD lift with cover plate in brushed stainless steel and rear cover for hiding cables/connectors on the back of the monitors. The ULS lift has a security system for blocked monitors movements. The monitor can be activated using the Up and Down buttons on the cover plate or remotely through RS422 over CAT5 or GPI contact closer. The USL lift has addressing and termination build in, connectivity is done through RJ45 with input and loop through. The USL does not require any adjustments or fixation to the table or floor, just a cut out in the table surface.
